Avision

A vision of your office

A mobile scanner perfect for the mobile professional

Card scan	USB Bus Power	PC & Mac	Searchable PDF	Google Drive	EVERNOTE	SharePoint

A mobile scanner that scans anywhere, anytime

The MetaMobile 10 pushes the limits of size and weight for extreme mobility while delivering smooth full page document scanning. Powered by a computer through the USB cable, the MetaMobile 10 is small enough to be packed with your laptop and share your documents from just about anywhere, anytime.

No power cord required

The MetaMobile 10 is powered by the USB cable to the PC. No external power adapter and cords are needed!

A duplex scanner suited for document and photos

Thanks to the advanced straight paper path and image processing technology, documents with varies sizes and weights can be scanned, appropriately cropped, and ready to use. You can scan your business cards, receipts, photos, invoices, newspaper clipping, or documents up to legal size (14").

No warm up needed and fast scan speed

The LED illumination system not only saves power, it doesn't require any warm up time. The MetaMobile 10 is ready to go as soon as you turn it on. It's fast too! It only takes a few seconds to scan an A4 size document.

Scan to clouds via PaperAir

Our bundled software application – PaperAir, provides you the easiest and fastest way to scan, share, and search documents in just a few clicks. Simply pressing the Scan button, your scan is completed and the image can be sent to various destinations including e-mail, printer, and cloud servers such as Google Drive, Evernote, Dropbox, Microsoft OneDrive, or FTP. What is best, with the built-in OCR (Optical Character Recognition) engine, the PaperAir allows you to create a full-text searchable file in just one button.

Features:

- Scan document up to Legal size (8.5" x 14")
- Support long page scanning up to 118" (299.7cm) for 300 dpi
- LED light source requires no warm-up time
- Scans documents (52 to 105 g/m^2) and plastic cards (up to 0.76mm)

MetaMobile 10

Avision's PaperAir

-PaperAir lets you scan and save your images to cloud servers for fast and easy accessibility from just about anywhere!

The PaperAir main screen

The scanner comes with an easy-to-use PaperAir software application. With a simple press on the scanner button, PaperAir allows you to scan and send your image to your favorite destinations including printer, e-mail, a shared folder, and popular cloud servers such as *Google Drive™, Dropbox, Evernote, OneDrive, Office 365, SharePoint, or FTP. What is best, a searchable PDF file can be converted via the OCR (Optical Character Recognition) process.

Advanced TWAIN Driver

Avision's easy-to-use TWAIN driver provides various useful features such as auto color detection, color matching, to enhance your image quality and improve your productivity.

Binarization – Dynamic Threshold

When the original documents are contaminated or damaged, containing marks, white fonts, etc., the intelligent image enhancement tool helps you create sharp and crisp image.

Original | Without Dynamic Threshold | With Dynamic Threshold
